WESTCHESTER WEEKLY DESK

IN BUSINESS; Bicycling in Denmark, Or on a Virtual Tour

By Susan Hodara

For four days beginning July 1, bikers throughout Westchester will be cycling -- in groups, solo, even on stationary bikes -- on a Virtual Bike Tour in conjunction with the Shriver Family Bike Tour for Sarcoma Research, taking place in Denmark at the same time. These coordinated events were organized by Bruce and Bev Shriver of Ossining. Their 36-year-old daughter, Elizabeth (Liddy), received a diagnosis of Ewing's Sarcoma, a cancer that is rare and difficult to treat in adults. Liddy Shriver, a cycling enthusiast whose cancer began in her thigh and has metastasized to her lungs, is traveling with her family to Denmark to join Team Sarcoma, consisting of 24 cyclists from across the globe. Their mission, and that of the cyclists biking with them in Westchester and throughout the United States and the world, is to raise awareness about sarcoma and the lack of young adults in related clinical trials. Information: e-mail biketour@theshrivers.us, or visit theshrivers.us/virtual--bike--tour.htm or www.curesarcoma.org. Susan Hodara
